### The Family Adventure Project

<http://www.familyonabike.org/>

The Family Adventure Project is a family venture to promote the benefits of active, adventurous family experiences.

We believe environmentally sensitive, family adventure travel is good for your health, relationships, education and the planet. If you want to get out, get active and adventure together with your family, we hope you'll find something here to inspire you. If you need help, let us know and we'll see what we can do.
