Homeschooling 101

<https://ivypanda.com/blog/homeschooling-101/>

The infographics includes some essential facts about homeschooling, as well as pros and cons of both public schools and home education.

For every parent choosing the right style of education for their child is an important decision. Some parents choose the nearest public school, while others decide to try homeschooling. According to U.S. law, children between 5 and 16 years of age must attend school. Below, you'll find some essential facts about homeschooling, as well as pros and cons of both public schools and home education.
